

Week 1 Ideas for

Home and School

WORSHIP

Week One—we are asking that families and classrooms to start brainstorming for ideas of what brings them joy. PS-3rd grade will create class collages at school of God's blessings that make them joyful. 4th-8th graders will begin creating a worship pamphlet consisting of songs, prayers, scriptures, prayer requests, and meditations, focusing on their joys and blessings.

Ideas for the Home—Christian music can be played before school, in the car, and at home. There are many resources available with Christian CD, Pandora, Spotify, K-LOVE , or Christian radio and TV stations. We pray these activities will bless and encourage your family in your walk with the Lord.
