

Advent Candle

You have received a gift of a single white candle from St. Luke Lutheran School to help your family worship and devotion time during the season of Advent. Please use it with your family prayers to create a sweet atmosphere of worship in your home. Make certain you have your parent, grandparents, or other adult to help you with this simple worship as you light the candle.

If you wish, you may add it to a set of other candles to create an Advent wreath. This particular candle could become the center of the wreath as the Christ Candle, to be lit on Christmas Day to signify Christ's birth. The reverse side of this paper helps explain the symbolism of the Advent wreath more fully.

A devotion book and an Advent calendar for your family devotion time are also coming home. Please read the Scripture verses, the devotions, and the prayers after you light the candle(s). These will aid you in keeping a Christ-centered Christmas this year.
