

**Week 2 Ideas for
Home and School
WORSHIP**

Week Two. This week, a gratitude journal or gratitude list will be compiled by each child at school. It is suggested that a list be compiled at home where the children and their families can list or document their blessings. These consist of each one's blessings.

Rest-In-God-Eve. On Wednesday of this week, a no homework night will be given, where the families will give up their "busy-ness" to focus on God. Family activities can include walks together, a phone call or two to someone they love, dinner with friends, family time with NO electronics, and similar ideas. Discussions at school will help generate enthusiasm to do these activities in their homes. It is suggested to initiate the Rest-In-God Eve with a brief family devotion.

Other Ideas for the Home and School: Regularly utilize GodVine, Crosswalkmail.com, Godtubemail.com or similar Christian devotional videos for the morning prayers and devotions. These display some excellent worship songs and devotions.
